

OUR PROGRAMS

We support young people to change their lives and re-integrate into society.

When young people join RuffTRACK, they bond with a dog in their first days. This partnership takes them on a journey of learning responsibility, caring for others and communicating without violence.

Muttley Crew Performances

Muttley Crew Shows we open for the opportunity to hire us to bring our crew of dogs and young people and perform a dog high jump and teach others about the different breed of dogs and their behaviours .

We also have Dash and distract as an add on to a show. 10 mins of young people trying to get there dogs over the line in the shortest time possible with so many temptations along the way.

Each show is roughly 15 mins dog high jump and 15 mins of dog education.

We need a 15m x 15 m foot print for our dog high jump preferable on grass area so we can put up a safety fence.

COSTS: \$500 per high jump show
Add on: Dash and Distract -\$200 per show.

TRAVEL: \$2.00/per km each way from Londonderry.

The dogs are the heart of our programs. They teach kids responsibility and respect and build up trust. Many kids have lost trust in humans, and our programs and dogs help them build relationships again.
