

RuffTRACK

Core Programme

01

Have I completed Round Yard Project?

RYP is our 10 week foundation programme and graduation is a must to move into our Core Program.

The RuffTRACK Core programme runs every Monday, Wednesday and Friday between the hours of 9:30am through to 3pm.

02

What Next?

The Core programme includes a wide variety of educational activities that aim to give our young people skills for future employment opportunities. It's the scaffolding platform to step into a leadership role at RuffTRACK.

03

Cert II/Cert III Qualifications

Young people once they have finished 10 weeks of the core program they can qualify to apply for a Cert II and Cert III in rural operations qualification which can be studied onsite our farm with professional trainers over

12-24 months. Must be at least 16 years old.

04

Where to Now?

The young person by this time will decide on either returning back to the educational mainstream or head out to employment once job ready.

Or continue onto Cert II or cert III.

Cert II in Agriculture and Cert III in Rural Operations Traineeship (Rosa Certified) by skilled trainers.

The RuffTRACK program is designed to encourage young people who are falling through the cracks at no fault of their own to re-integrate into society. This is achieved by skills attained through programs based around building relationships, animal care and training, public speaking, agricultural education, self-generated income projects, community outreach services and connecting to country.

RuffTRACK measures the success of participants in our program through the daily transformation of each young person.

The RuffTRACK crew then takes this knowledge on the road with our incredible community outreach programs and performances in schools across Australia.
